

## A First-Class Winner

The Detroit District Accident Reduction Committee has selected the winning 2017 Fall/Winter Safety Slogan. The Committee reviewed all the entries and decided on a slogan submitted by one of our APWU-DDAL members. **Ms. Michell Shavers** a United States Postal Service Window Clerk, who was at the time assigned to Detroit Kensington Station won with this Slogan **"Don't be hasty, focus on safety."**

We are very proud to say the least that a member of our local is the recipient of the **Deliver the Brand Award**. I would like to extend an APWU-DDAL congratulations to Ms. Shavers for her overall awareness and dedication to safety.

It is important that we say thanks to all who submitted a slogan, because all of you have made us aware of how important it is to be safe. We all win when we take the time to practice safety. Let us all remember that, "you can't lose, when you choose to be safe."

A handwritten signature in black ink, appearing to read 'Keith Combs', is positioned above the printed name.

Keith Combs

President APWU-DDAL
